DETAILED ACTION

The following Office Action is a complete response to the amendment and arguments filed 20 May 2003.

Double Patenting

Claims 2-8, 10-11, 13-21 and 23-25 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-20 of copending Application No. 10/019,260. Although the conflicting claims are not identical, they are not patentably distinct from each other because the breadth of one each set of claims encompasses that which the Applicants are attempting to cover- thereby creating duplication.

This is a <u>provisional</u> obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

Response to Amendment

The amendment to the claims has overcome all claim objections made in the previous office action. Furthermore, the modification of claim 1 into claim 23, in addition to the arguments filed, has overcome all art rejections.

Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter:

Applicants claim a varnish composition containing a solvent and a polymeric material wherein the polymeric material maintains: a polyamic acid B represented by formula 1, a polyamic acid

Application/Control Number: 10/018,540

Art Unit: 1756

A represented by formula 2, and an N-substituted polyamide represented by formula 3. The solvent dissolves the polymer ingredients in a ratio such that the final composition contains 0.1 to 40% by weight of the polymer ingredient as a whole. The combination of such elements is not adequately taught in the prior art.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennifer R. Sadula whose telephone number is 703.305.4835. The examiner can normally be reached on Monday through Friday, 10am-6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark F. Huff can be reached on 703.308.2464. The fax phone numbers for the Application/Control Number: 10/018,540

Art Unit: 1756

organization where this application or proceeding is assigned are 703.872.9310 for regular communications and 703.872.9311 for After Final communications.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 703.308.0661.
